

Vinva Australian Equity Fund

APIR: MGE2445AU | ARSN: 681 452 013

To Australian wholesale and retail investors

31 OCTOBER 2025

INVESTMENT STRATEGY	OBJECTIVE	INVESTMENT APPROACH	INVESTMENT RISKS
The Fund invests substantially all of its assets in the Vinva Australian Equities Fund, (the “Underlying Fund”), a registered managed investment scheme managed by Vinva Investment Management Limited. The Underlying Fund, invests substantially all of its assets in Australian listed securities (or derivatives that provide exposure to Australian listed securities or indices).	The primary objective of the Fund is to outperform the return of the S&P / ASX 300 Accumulation Index over periods of three years or longer.	Vinva uses an active systematic investment approach which harvests returns from Australian listed companies using a disciplined and repeatable process. The Underlying Fund’s portfolio will typically comprise over 90 investments. The Underlying Fund is managed to be style neutral and therefore not expected to be materially correlated to a single company, or to industry specific or macroeconomic risks.	All investments carry risk, returns are not guaranteed and there is a risk that investors may lose money on any investment they make. The Fund’s Product Disclosure Statement (PDS) sets out the significant risks relevant to the Fund. You can view the PDS at www.magellaninvestmentpartners.com
